Page 1 of 1

Hiller's Markets accepts the following coupons:

1. **Manufacturer's Coupons:** Only valid if accepted by scanner on register system.
 - **Double Manufacturer Coupons:** Hiller's will double manufacturer coupons up to \$0.50, on no more than three (3) like items in a single order.
2. **Hiller's Coupons:** Hiller's coupons are accepted only until the expiration date printed on them.
3. **Competitor Coupons:** Hiller's will accept competitor coupons on a store-by-store basis at the Store Director's discretion.
4. **Internet Coupons:** Hiller's will continue to accept Internet coupons from manufacturer and other coupon sites.

Legitimate Internet coupons

- **Will always scan properly at the register.**
- **Will not be for "free" product.** Current industry practice is not to produce printable coupons for free product. Free product coupons are pre-printed by the manufacturer and sent via mail. Buy-one-get-one coupons are acceptable.
- **Will not be for a high value relative to the cost of the item.** (e.g. A \$2 coupon would not be printed for an item retailing @ \$2.29/unit) Usually have short expiration dates. Most expire within 30-45 days of printing
- Usually have specific serial numbers, separate from the UPC meaning that multiple identical coupons for the same product could be fraudulent.

General rules of coupon redemption:

- Coupons must be presented at the time of the purchase; we can not return money for coupons not used.
- Coupons presented and items purchased must match exactly; size, variety, flavor, etc.
- Sales tax is paid by customer at full retail.
- We accept only one coupon for Buy One Get One Free items.
- We do not accept coupons on items not purchased.

Rainchecks:

- We do not issue rainchecks for coupon items that may be out of stock or for "while supplies last" items.
- We reserve the right to limit raincheck quantities based on product availability and advertised limits.
- Rainchecks can be written for a limit of six unless otherwise stated in the ad.
